Subject:

Board Order R7-2006-0008, PG&E Topock Compressor Station, Needles, California,  
Floodplain Reductive Zone In Situ Pilot Test, September 2006 Monitoring Report

Dear Mr. Perdue:

Date:  
30 October 2006

On behalf of Pacific Gas and Electric Company (PG&E), ARCADIS is providing a corrected cover to the September 2006 Monitoring Report. This corrected cover sheet clarifies that the report is submitted as the September 2006 and Third Quarter 2006 Report for the PG&E Topock Compressor Station, Floodplain Reductive Zone In Situ Pilot Test (ISPT) in compliance with the Waste Discharge Requirements (WDRs) issued by the Colorado River Basin Regional Water Quality Control Board (Water Board) under Board Order R7-2006-0008. July, August, and September 2006 activities are summarized and results are tabulated in this report. Full supporting detail is provided on September field and monitoring activities; similar detail for July and August activities is provided previously submitted monthly monitoring reports.
