Subject: Consent Decree - Certificates of Insurance

Hi Veronica,

As per the Consent Decree (CD) Section XV11, Item 59, PG&E is providing the Department of the Interior the most recent Certificates of Insurance (COI's) for contractors/subcontractors performing work in support of the *Final Groundwater Remedy, PG&E Topock Compressor Station, Needles, California*. The COI's have been uploaded to the Topock DTSC/DOI SharePoint Site in Reference Documents/COIs (you can use this [link Topock Program - Certificates of Insurance - 2023 - All Documents \(sharepoint.com\)](#) to go directly to the document). PG&E will continue to update the SharePoint Site with certificates from new contractors/subcontractors, in addition to replacing expired certificates with valid certificates on an annual basis.

Note, you should have received an invitation to the Topock Program SharePoint from Nancy Keating. You will need to click on that invite before the link above will work.

Please let me know if you have difficulty accessing, or if there are any questions.

Thanks,  
Iain
