

# Soil RCRA Facility Investigation/Remedial Investigation Timeline (2014-2018)

\* The timing of work plan approval is pending CEQA review. The timing and duration of mobilization is estimated and will be redefined following DTSC/DOI approval of the work plan.

\*\* Field Implementation schedule duration will depend on field conditions, ability to perform field activities concurrently, and reaching timely decisions regarding the need for additional samples.

\*\*\* The timing and duration of Reporting is estimated and will be refined after completion of WP Implementation.
